Project Purpose

Help Naturally Nerdy refine how it positions itself in the market, improve how it shows up online, and ultimately create a more structured digital system that drives consistent patient bookings

Objectives

- Redefine positioning strategy
- Increase visibility through local SEO
- Build a cohesive digital marketing system
- Increase qualified patient inquiries and bookings

Methodology

Primary research

- Weekly client meetings + internal analysis

Secondary research

- Healthcare marketing benchmarks, industry reports

Competitive analysis

- Quad Cities wellness providers

Expert interviews

- Anna Rice
- Brandon Mateika
- Jane Sherman

Key Findings

Expert Interview Synthesis

- Clear, differentiated messaging wins
- Trust drives everything
- Video-first, consistent content
- Digital amplifies referrals
- Be intentional, not reactive

Market Opportunity

- Alternative Healthcare → +24.7% through 2029
- Chiropractic → +26.3% through 2029
- Alternative Healthcare Demand:
 - 18-44 = 40%
 - 45-64 = 29%
- Demand exists, but growth depends on capturing it

Customer Behavior

- 73% of Patients Use Reviews
- 61% Trust Reviews Over Personal Recommendations
- Nearly 2 out of 3 Decisions are Influenced Online
- Trust directly drives patient decisions

Digital Behavior

- ~80% of patients begin their journey online
- Website conversion benchmark: 1.8% – 4.2%
- 66% of traffic is mobile
- Online visibility determines whether demand converts

Competitive Insights

- Focus on 2–4 niche service areas
- Use clear, specific messaging
- Maintain consistent digital presence
- Clear messaging increases conversion efficiency

Internal Environment

- No fully developed website
- Limited search visibility
- No structured marketing funnel
- No system currently exists to capture demand

Core Insight

Demand exists, but there is no system to capture and convert it.

- Visibility gap
- Trust gap
- Conversion gap

How We Address This:

- Clarify positioning
- Build visibility
- Establish trust
- Improve conversion

#1: Brand Positioning

Reposition Naturally Nerdy around 3–4 core women’s life-stage needs rather than broad “holistic care.”

Market To:

- Pregnancy & Preconception
- Postpartum Recovery
- Active Motherhood Mobility
- Perimenopausal Wellness

Why This Works

- Competitors are Specialized
- Core demand: 18–44 age group ~40%
- Women Aged 25-44 → 54% of OB-GYN clients

#2: Improve Visibility

Launch and maintain a streamlined,
conversion-focused website built for local SEO
and booking

How This Happens:

- Ground-Up Approach
- Tracking Basic KPIs
- Meeting Clients Where They Are

Why This Works

- Majority of Clients Begin Their Journey Online
- Typical Website Conversion Rates: 2-5%
- 66% of Traffic Occurs on Mobile Devices

Website Benchmark

- Connected Chiro - Ames, Iowa
 - Clear service pages
 - Integrated reviews
 - Direct booking flow

#3: Trust System

Implement a simple trust system supported by focused content and referrals.

Build Momentum

- 2 Social Posts per Week
- Track Follow-Ups
- Book Next Visit While Client is In-House

Keys to Win

- Credibility and Perceived Outcomes Matter to Clients
- Intentional, Measurable, Sustainable
- Referral-Based Systems Succeed

Naturally Nerdy Referral Strategy

Great care. Strong relationships. Sustainable growth.

#4: Conversion System

Drive utilization through high-fit lead generation, frictionless booking, and retention loops.

Must Haves:

- Call to Action
- Direct Link to Motherhood Matters Booking Software
- Build a Client-Specific Plan to Encourage Retention

Why This Works

- Referral-based leads can convert up to 43% higher than cold traffic
- CTAs Create Website Interaction
- Booking Must be the Easiest Part of Client Journey

What is a High-Fit Lead?

- Your Qualifiers
 - is in one of the target life stages we identified
 - is actively experiencing a problem you solve
 - and already has some level of trust or intent

Naturally Nerdy Marketing Funnel

Attract. Educate. Convert. Retain.

1. AWARENESS

Get noticed

- Optimize for local search (SEO)
- Create helpful content on social media
- Build partnerships in the community

2. CONSIDERATION

Build trust

- Share patient testimonials and reviews
- Educate and connect with your audience
- Make your website clear and easy to use

3. CONVERSION

Get booked

- Offer clear next steps (specials, discovery call)
- Make online booking simple
- Follow up with leads

4. RETENTION & REFERRAL

Keep them coming
back

- Deliver an exceptional experience
- Encourage reviews and referrals
- Stay top of mind with helpful updates

THE GOAL: Attract the right moms, build trust, book more appointments, and create loyal raving patients.

Considerations

- SEO requires 3–6 months to show results
- Strategy depends on consistent execution
- 100% out-of-pocket model → price sensitivity
- Increased traffic ≠ guaranteed bookings

Expected Impact

Launch a functional digital presence (from near-zero baseline)

- Website, Google Business Profile, and consistent content system (2 posts/week)

Establish a measurable patient acquisition funnel

- Content → Website → Booking
- Expected 2–5% website conversion rate (industry benchmark)

Generate consistent demand

- Estimated 150–300 monthly website visitors within 3–6 months
- Resulting in 3–10 new patient requests per month

Improve utilization of available schedule (Tues/Thurs)

- Realistic improvement toward 60–75% capacity

Build a compounding growth system

- Content + reviews + referrals increase over time
- Expected growth in monthly inquiries (10–20%) after initial traction

Plan To Move Forward

Phase One Months 1-2	Phase Two Months 3-4	Phase Three Months 5-6	Phase Four Months 7-8
Foundation Outcome: Clear positioning + basic digital presence	Visibility & Trust Outcome: Consistent awareness + early inquiries	Conversion System Outcome: Structured path from discovery → booking	Optimization & Growth Outcome: Increased bookings + better utilization
● Define brand messaging ● Launch/update website with booking ● Set up Google Business profile	● Post 2 updates/stories weekly ● Collect client reviews ● Share educational, problem-focused content	● Improve website conversion (CTA, flow) ● Align content with services ● Establish simple funnel (content → site → booking)	● Double down on top-performing content ● Strengthen referral network ● Adjust scheduling to match demand
